ASAT® Ultimate Coat

The ultimate in outer shell technology, featuring our new, Exhale layering system. The exterior polyester fleece is treated with our Lotus Nano-barrier™, to make it soft, silent, water resistant, breathable, and able to repel dirt, stains, and odors. The highly breathable core membrane provides a waterproof, windproof shield against the most extreme conditions, and the inside layer is soft, warm and silent to promote limitless freedom of motion. The coat itself has a snap close hood, zippered pockets, and sleeves, and zippered side vents for climate control. All in and flexible active cut for the extreme hunter. S, M, L, XL, 2XL, 3XL

ASAT® Ultimate Pant

The same great Exhale 3 layer system as the Ultimate coat, but featuring our famous six pocket design plus. The ultimate pants have zippered back and cargo pockets, along with drawstring ankles. They also sport inside knee pockets for knee pads, to aid in those extreme stalking situations when crawling is the only way. S, M, L, XL, 2XL, 3XL

ASAT® Extreme Base Layers

Featuring ASAT, AG Vaportech™, silver odor suppression. Nano Silver technology kills bacteria to virtually eliminate human odor. This Anti-microbial formula requires no activation and will not wash away in the laundry. Add to this a high concentration of wicking compounds and design to keep you dry and comfortable. Hunt in Scent-Free comfort with the zippered necked mock T Pullover, and the soft form fitting bottoms which are heavier for those cooler days. S, M, L, XL, 2XL, 3XL
ASAT® Base Layers
Our AG Vaportech™ system is the first line of odor defense in a polyester fast wicking, silk-like, soft, form fitting fabric. The ASAT base layers are built for comfort and performance. The Essential base layers use the same Nano-Silver antimicrobial technology as the Extreme base layers, but are a lighter weight for the earlier season hunter. S, M, L, XL, 2XL, 3XL

ASAT® Beanie Hat
When it gets really cold, here’s a beanie that shapes to your head. Made from the same material as the Ultimate gloves with AG Vaportech™ and Lotus NanobARRIER™. A four-way stretch offers you protection from the elements, yet the breathability to cool your head when you start heating up. One Size Fits All

ASAT® Ultimate Gloves
Same great features as the Extreme Base layers, but with both AG Vaportech™ and Lotus NanobARRIER™ in a soft close fitting glove to complete the ASAT high performance clothing line. S, M, L

ASAT® Essential Six Pocket Pants
These everyday wear BDU cut pants are sure to be a favorite of Eastern and Western hunters alike. **ASAT® Dew Rag**
The rabbit, deer, elk and moose are all what color? Brown... Exactly! If green were such a good camo color the good lord would have made these animals green. The next time you’re in a sporting goods store look at the clothing racks. What color are the hunting clothes? So if nature tells us the best animal color is brown, then what is the obsession with green camo? The answer is simple. Most camo today is designed to catch the hunter rather than to help catch the quarry. If you want camo that looks good on the store rack or out on the town, you’re looking in the wrong place. If you want a camo pattern that works in All Seasons and in All Terrain, then you found it! Welcome to the ASAT® Nation! For those of you on the fence we offer you this challenge: If you use ASAT® exclusively for 1 year and do not see more game than you ever have wearing any other brand of camo, we will buy it back guaranteed!
